

ABSTRACT

The invention concerns a concentrated hormone pharmaceutical composition having from about 0.6 to about 80% of at least one hormone; from about 20 to about 90.4% of at least one solvent, and optionally a pharmaceutically acceptable carrier. The concentrated hormone pharmaceutical composition according to this invention provides a concentrated pharmaceutical composition that is easy to use and saves time and money to the pharmacies dealing with BHRT pharmaceutical products. In addition, provides a pharmaceutical composition having a higher concentration of hormone than the concentration found in the BHRT pharmaceutical products of the prior art.
